

1 Questions about my experience 20 - 30 Min

2 Diversity in Graduate School and the need for meaningful collaboration

2.1 Diversity

- Racial diversity is not too high (75% non-hispanic White) and efficacy is low
- Gender inequality: 62% male, 37% female
- Socioeconomic status and academic parents pipeline

2.2 Impacts

- Imposter syndrome
- Lack of perspective in research

3 Resources

- Information about how to apply to graduate school, overview of the process, and great advice for when you are in it
- Predoctoral Programs (to name a few):
 - APSA
 - MIT
 - Brown
- Challenges for 1st-gen students

- Culture of overwork in grad school and academia
- APSA Report:
 - Placement in the tenure track
 - Demographics
- Mental health
